

PRICING & SCOPE

One price. Everything included.

Flat £5,000 a month. Build, hosting, onboarding, operation. No setup, no seats, no usage maths.

You price the outcome, not the hour.

THE WHY

You should not price the work by the hour. You should price the outcome.

An agent that owns a workflow does not bill for its time. Neither do we. One flat fee covers the whole system, start to finish.

THE OFFER

Flat £5,000 a month.

- Build, hosting, onboarding, operation included
- One workflow, owned end to end
- Weekly improvements, no change requests
- Cancel anytime, month to month

THE GUARANTEE

Live in 48 hours, or the first month is free.

And if it has not saved more than its cost in human hours by day 30, measured against your own timesheet, the first month is refunded.

A guarantee from a named operator beats a feature list from a tool.

THE MATHS

£5k

is roughly three quarters of one UK employee, but it works every hour, never sleeps, and never quits.

THE INVITATION

Hire a Non-Human Intelligence.

Twenty minutes. One workflow. A one-page scope statement, no obligation.

NOHUMA is a managed Non-Human Intelligence, built and operated in the UK by Human Architect. Self-hosted, your data stays in your environment.
