

NOHUMA RESELLER PROGRAMME

Sell the agent. Keep the margin.

A managed Non-Human Intelligence you resell to your clients under your brand. We build, host, and run it. You own the relationship.

For MSPs, agencies, and consultants with SME-to-mid clients. Flat £5,000/month per client workflow.

THE MODEL

You bring the client. We build the agent.

Your client pays you. You pay NOHUMA a wholesale rate. The gap is your recurring margin, every month, with no delivery work from you.

We operate it. You look like the genius who delivered it.

THE MARGIN

30%

typical reseller margin on the
£5,000/month client fee. You bill
£5,000, you pay NOHUMA £3,500.
£1,500/month, recurring, per client.

Margin is negotiable at volume. Three clients =
£4,500/month recurring for you, hands-off.

WHY PARTNERS JOIN

- Recurring revenue with zero delivery headcount
- A product you cannot build alone, shipped in 48 hours
- Your brand, your terms, white-label ready
- Erases the 'we have no AI offer' gap with existing clients
- The 88% of AI pilots that never ship become your shipped win

T I E R S

Start at one. Scale to a book.

Referral: send us a client, take a finder fee, no minimum.

Reseller: wholesale rate, your brand, monthly margin from client one.

Network: franchise-group or multi-site white-label, B2B2B, never churns.

ONBOARDING

Your client is live in 48 hours.

You make the intro. We run discovery, build the agent, onboard to the client's Slack or Telegram. You stay in the room. The client thinks it is yours.

Weekly improvements included. Cancel anytime. The guarantee is ours, not yours.

THE WHITE-LABEL

Your name on the agent.

Single tier, no recruitment, no MLM. The client offer becomes your revenue line, not a cost you removed. For franchise groups: each franchisee runs one, you bill each.

THE PROOF BAR

We do not ask your client to trust a brochure.

Live in 48 hours. Drafts only until trusted.

Measured against the client's own timesheet by day 30. If it has not saved more than its cost, the first month is refunded, by us.

THE INVITATION

Bring one client.

Thirty percent margin, live in 48 hours, your brand. Nothing to build, nothing to run.

NOHUMA is a managed Non-Human Intelligence, built and operated in the UK by Human Architect. Self-hosted, your client's data stays theirs.
